EXPERIENCE

Full Stack Developer Intern

- Planet Peanut 06/2024 - Present Copenhagen, Denmark
- I developed a comprehensive teacher dashboard web application for Planet Peanut using Next.js, Supabase, Next Auth, MongoDB, Node.js.
 - The application serves as a centralized platform for teachers to manage their classes, track student progress, and access educational resources, enhancing the overall teaching and learning experience.
 - Worked on database management and optimization, particularly with SupaBase and MongoDB.
 - Collaborated with the team using version control systems (Git) to ensure smooth code integration.
 - Developed user interfaces and implemented responsive design principles.
 - Designed on Canva and Figma

Customer Support Specialist

- Samsung Department, CMC 02/2020 - 02/2021 Malatya, Turkey
- Provided comprehensive support for Samsung products, resolving an average of 70+ customer issues per day.
 - Diagnosed and resolved complex technical issues across a range of Samsung devices, enhancing customer satisfaction and retention.
 - Utilized Samsung's proprietary software systems and diagnostic tools to troubleshoot devices and manage customer accounts efficiently.
 - Stayed current with new Samsung product features and updates to offer accurate and timely information to customers.

Music Teacher - Internship

- Erol Parlak High School 2019 - 2020 AGRI
- During my high school music teaching internship, I developed and implemented engaging lesson plans, facilitated music activities, and collaborated with fellow educators. This experience honed my teaching skills and reinforced my passion for music education.

EDUCATION

Full Stack Web Development

- HackYourFuture 08/2023 - 04/2024 Copenhagen, Denmark
- HackYourFuture | Copenhagen, Denmark
 - An intensive 8-month Full Stack development course, which gives hands-on experience
 - Through various projects and a big final project in the end
 - The following are examples of projects from 8 months at the course:
 - Meal Sharing App: Using React.js, Node.js, JavaScript, Express.js, MySQL
 - Check-in App: Using React.js, Node.js, JavaScript, Express.js, MySQL, PostgreSQL
 - To-Do App: Using React.js, Node.js, JavaScript
 - Currency Calculator: Using HTML, CSS and JavaScript
 - Interactive Rating Component: Using HTM, CSS and JavaScript
 - See my work-in-progress GitHub in the following link:
 - HTTPS://github.com/yagmureva

Bachelor of Pedagogy & Music Education

- Ibrahim Cecen University 01/2016 - 01/2020 Agri, Turkey
- I graduated with a degree in Music Education from Ibrahim Cecen University, gaining expertise in music theory, composition, and various instruments. I am skilled in designing lesson plans tailored to diverse learning styles and prepared to enhance students' musical and academic development.

SUMMARY

I'm new to the software world, Full-Stack developer intern and brimming with ambition. I've developed skills in both front-end and back-end technologies, enhanced by real-world project experience and a knack for teamwork. Eager to contribute to innovative tech solutions, I'm actively seeking positions where I can learn, grow, and make a positive impact

SKILLS

React.js	Node.js	Git	Html
Javascript	MySQL	PostgreSQL	
Next.js	Express.js	CSS	React.js
Typescript	Express.js	Docker	
Postman	Nest.js	Supabase	Firebase
Figma	Canva	MongoDB	

LANGUAGES

English	Proficient	●●●●●
Turkish	Native	●●●●●
Danish	Intermediate	●●●●●

STRENGTHS

- Critical Thinking
Applied critical thinking to analyze data and develop strategies that enhanced operational efficiency
- Communication
Articulated complex ideas clearly and concisely to diverse audiences, ensuring mutual understanding and successful project outcomes
- Adaptability
Quickly adapted to changing project requirements, maintaining high performance in fast-paced environments
- Emotional Intelligence
Demonstrated strong emotional intelligence, fostering a positive and collaborative work environment

STRENGTHS

Teamwork

Collaborated effectively with cross-functional teams to achieve project goals and deliver results ahead of deadlines
