Bachelor of Pedagogy & Music Education

[Ibrahim Cecen University](#) 01/2016 - 01/2020 Location

- I graduated with a degree in Music Education from Ibrahim Cecen University, gaining expertise in music theory, composition, and various instruments. I am skilled in designing lesson plans tailored to diverse learning styles and prepared to enhance students' musical and academic development.

EXPERIENCE

Customer Support Specialist

[Samsung Department, CMC](#) 02/2020 - 02/2021 Malatya, Turkey

- - Provided comprehensive support for Samsung products, resolving an average of 70+ customer issues per day.
- - Diagnosed and resolved complex technical issues across a range of Samsung devices, enhancing customer satisfaction and retention.
- - Utilized Samsung's proprietary software systems and diagnostic tools to troubleshoot devices and manage customer accounts efficiently.
- - Stayed current with new Samsung product features and updates to offer accurate and timely information to customers.

Music Teacher - Internship

[Erol Parlak High School](#) 2019 - 2020 AGRI

- During my high school music teaching internship, I developed and implemented engaging lesson plans, facilitated music activities, and collaborated with fellow educators. This experience honed my teaching skills and reinforced my passion for music education.

SUMMARY

I'm new to the software world, freshly graduated from HackYourFuture Denmark's full-stack web development program and brimming with ambition. I've developed skills in both front-end and back-end technologies, enhanced by real-world project experience and a knack for teamwork. Eager to contribute to innovative tech solutions, I'm actively seeking junior or intern roles where I can learn, grow, and make a positive impact
